

Stained Glass and Science

Art glass is made in a very special way. For a virtual tour of the glass making process at Spectrum, go to

<http://www.spectrumglass.com/stained-glass/tour/1.asp>

You may also take a virtual tour of the glass making process at the Uroboros factory at

http://www.youtube.com/watch?v=jB2Mz8MjU_I

After visiting these websites, ask students to write a journal entry explaining how stained glass is made.
